Subject : Notice of Potential Non-Compliance & Division Directive, Failure to Address Permit Application Deficiencies, Lakeview Rock Products, Lakeview Quarry, M/035/020, Salt Lake County, Utah

Dear Mr. Larsen:

On June 6, 2003, we sent our initial review of the mining and reclamation plan dated August 10, 1995, which we received April 21, 2003. We noted conflicting items between the 1995 plan and the Development Agreement as recorded December 20, 1996 with Salt Lake City Corporation. You were informed that before we could continue with our review, these disparities, along with any others that may exist between the two plans must be reconciled. We requested that you meet with Salt Lake City representatives and provide a response within 30 days (by July 7, 2003). On June 11, 2003, you requested another 45-60 days to prepare your response, due to extenuating circumstances. We subsequently extended the response date to August 19, 2003. Over 30 additional days have elapsed since that time. We have received no contact or written response from you regarding the progress made in preparing a response to our initial review.

Because you have failed to demonstrate a good faith effort in providing a response to our review in a timely manner, we are issuing this Notice of Potential Non-Compliance and Division Directive. *You are hereby directed to contact Vickie Southwick, Administrative Secretary, at (801) 538-5304, within 10 days of your receipt of this notice to schedule a meeting with the Associate Director of Mining and Division staff to discuss plans to move the permitting process forward.* We want to work together in a cooperative and productive manner to establish

a reasonable timeframe to finalize this permitting requirement and avoid having to take any formal enforcement action.

We look forward to meeting with you to discuss this matter at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Wayne Hedberg".
